ReusAce

ReusAce, it's as
simple as that!

Master in Technological Chemistry

Technology Transfer

Professor Manuel Matos Lopes

Professora Elisabete Silva

Joana Casimiro n°46683

Joana Alves n°47230

Klaudia Łoś n° 53928

Clients , Problems & Gains

Clients

Paper

Textiles

Plastics

New cigarette filters

Problem

Need for Cellulose Acetate

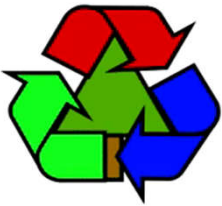

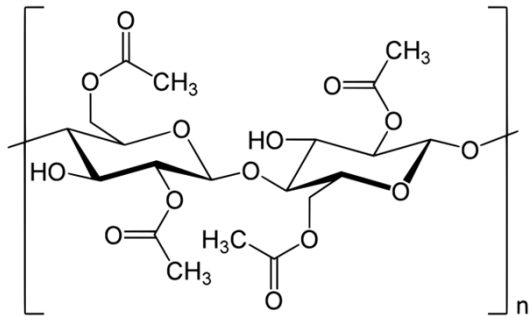

Gains

- Reducing Pollution
- Avoid Spending Natural and Biomass Resources

Product & Benefits

Cellulose Acetate

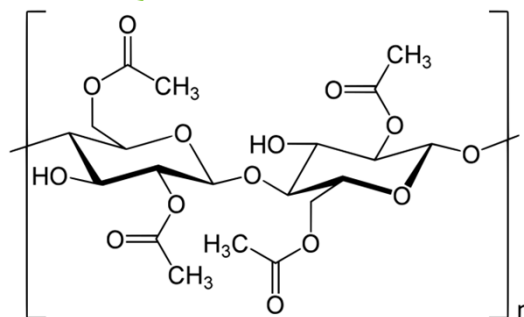

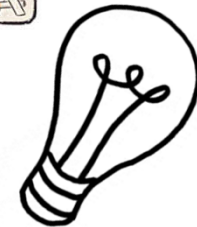

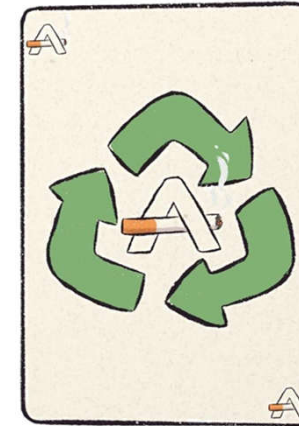

- Recycling
- Save Biomass Resources
- Waste Valorisation

Technology

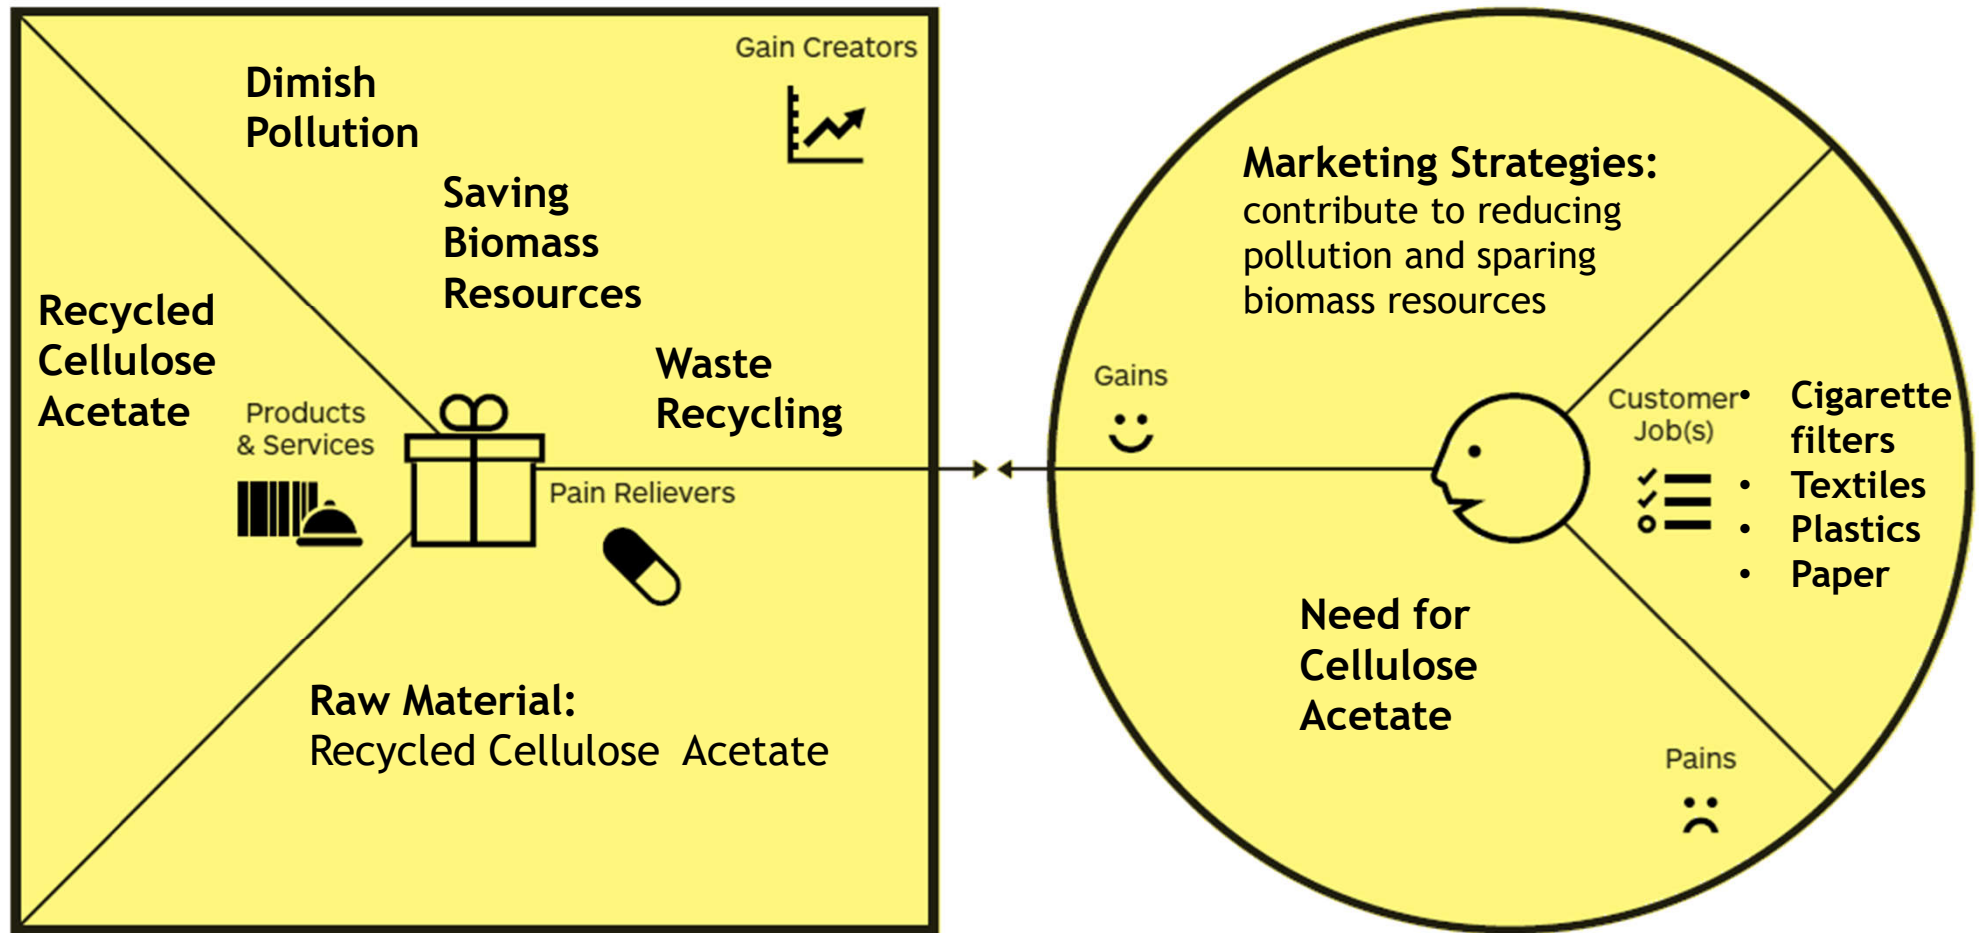

Competitors & Advantages

Competitors

- Innovative Extraction Process (Extraction from all filter)
- Saving Natural Resources
- Waste Valorisation

Summary

The End

ReusAce, it's as simple as that!
