

# Exercise: Assessment Case Studies

1 hour — Working groups

1. Read case study #1 then discuss the case study and assesses the species together.
2. When completed, call one of the Red List Trainers over to your group and explain your assessment.
  - If correct, the Trainer will give you the next case study to assess.
  - If incorrect, the Trainer will give you some advice to help you try again.
3. Prize for the group with the most correct assessments at the end!

Working Group	Case Study 1 (Amphibian)	Case Study 2 (FW Fish)	Case Study 3 (Marine fish)	Case Study 4 (Mollusc)	Case Study 5 (Bird)
